

[Adiuvo Diagnostics Pvt. Ltd.](#) Secures a win in the Healthtech category at Emerge 50 Awards 2023

Congratulations to [Adiuvo Diagnostics Pvt. Ltd.](#) for securing a win in the Healthtech category at Emerge 50 Awards 2023. Adiuvo's comprehensive wound assessment device detects and classifies bioburden, tissue vascularity, and wound analytics to reduce the rate of amputation and improve antibiotic stewardship. Adiuvo's groundbreaking solution revolutionizes wound care, decreasing amputation rates through early infection detection in low-resource settings. Remote monitoring minimizes patient follow-ups, saving time and travel costs. Real-time wound tracking ensures effective treatment, cutting antibiotic expenses by 5X and mitigating resistance. This innovation accelerates wound healing, enhances quality of life, and reduces hospital stays. "We are driven by the belief that technology should bridge gaps in healthcare access. Often, it takes time for people to realize the profound impact innovation can have, and we are committed to waiting and making the necessary efforts to bring about positive change," says [Geethanjali Radhakrishnan](#), Founder, CEO and Managing Director at Adiuvo.
