

IOTA DIAGNOSTIC launched our First product iOTA BioSampler™ at [Global Bio India #BharatMandapam](#) Pragati Maidan, New Delhi. Dec 2023.

How to Use **BioSampler™**?

It is a great moment for the world and as well the IOTA Family, that [IOTA DIAGNOSTIC](#) launched our First product iOTA BioSampler™ at [Global Bio India #BharatMandapam](#) Pragati Maidan, New Delhi.

iOTA BioSampler™[□] enables user-friendly, remote collection of biological fluids, eliminating cold chain logistics. Patients can self-withdraw samples, ensuring ease, convenience, and accuracy. With key features like dry matrix technology, simplified processing, and precision, it's a game-changer in sample collection.
