**SHARK
TANK
INDIA**

Amidst the roaring success of three thrilling seasons of Shark Tank India, we're really excited to share that not one, not two, but SIX Venture Center startups have made their mark on Shark Tank India!

Let's take a moment to celebrate the remarkable journeys of these teams:

(i) PadCare: revolutionizing sustainability and women's health with their innovative recycling solution for menstrual waste.

(ii) Neuphony™ by PankhTech™ : India's First Wearable EEG Headband and EEG cap that tracks brain waves to achieve better mental and overall health in our fast-paced world.

(iii) Newndra Innovations Pvt Ltd: The most affordable, lightweight, and efficient exoskeleton, offering relief and comfort from back-pain for countless users!

(iv) Silifarm Technologies Pvt Ltd: Addressing menstrual pain head-on, SiliFarm's device is a tiny-portable , rechargeable , user friendly electronics device which can give relief from menstrual pain just within 10 minutes .

(v) Pragmatech Healthcare Solutions Pvt. Ltd.: Saving lives with their screening test for cervical cancer, Pragmatech is paving the way for early detection and proactive healthcare.

(vi) CaneBOT: an automated smart vending machine for contact-less, fresh, hygienic sugarcane juice.

Each of these startups represents not just a business venture, but a passionate pursuit of positive change and societal impact that these entrepreneurs have been wanting to create.

To the incredible teams behind these startups: CONGRATULATIONS!

Your journey inspires us all, and we're honored to be part of your success story.
