

Pragmatech Healthcare Solutions Pvt. Ltd. has received ISO 13485 Quality Management System certification

We are thrilled to announce that [Pragmatech Healthcare Solutions Pvt. Ltd.](https://www.pragmatech.co.in) has received ISO 13485 Quality Management System certification. This certification, crucial for manufacturing and selling medical devices worldwide, marks a significant milestone in their startup journey!

A heartfelt congratulations to the entire Pragmatech team for securing this certification in relatively short duration, and we wanted to take this opportunity to highlight the role of our Regulatory and Industry Facilitation Centre (RIFC) at Venture Center, which played a crucial role in supporting Pragmatech in their efforts by providing:

- (i) Ready templates to expedite the certification process
- (ii) Hands-on implementation and review
- (iii) Training for team members
- (iv) Gap analysis of QMS
- (v) Support for Stage I & II audits and closure of non-conformities

This milestone not only accelerates Pragmatech's path to commercialization for their flagship product - the CERVICHECK self-sampling kit, but also showcases the potential of tailored support that RIFC can offer to medtech startups looking to work their way through complex regulatory landscapes.
