

Utopic Tech are the winners of Pfizer INDovation program for healthcare startups

<http://www.big.venturecenter.co.in/utopic-tech-private-limited/>

Congratulations to Utopic technologies for being the winners of Pfizer INDovation NIPER-A Edition. Launched in partnership with the Department Of Pharmaceuticals, NITI Aayog, Atal Innovation Mission Official, NIPER Ahmedabad, Pfizer and Social Alpha, this initiative supports start-ups committed to solving critical healthcare challenges through affordable, easy-to-use diagnostic devices, making healthcare more accessible for all.

The criteria for selecting the final six included the potential impact of the product or solution, level of technological innovation, uniqueness of the value proposition, competitive advantage, financial and operational scalability, and clarity of the future roadmap.

Each winning startup will receive a grant of Rs 25 lakh from Pfizer, while NIPER-Ahmedabad will provide comprehensive incubation support to help accelerate their lab-to-market journey.
